

READING LIST: SPAN 585
Title: Spanish Phonetics/Phonology
01:940:585:01 - Spring 2020
Meetings: AB 5190, 08:10–11:10

Professor: Joseph V. Casillas, PhD
Email: joseph.casillas@rutgers.edu
Office: AB 5174
Office hours: by appointment

Part I: Introduction

Week 1: Overview

Reading

- Prieto, P. (2014). “Introducción: La fonología”. In: *Fonología generativa contemporánea de la lengua española*. Ed. by R. A. Núñez Cedeño, S. Colina and T. G. Bradley. Georgetown University Press, pp. 1–24.

Review

- Hualde, J. I. (2010). “Los sonidos de la lengua: fonética y fonología”. In: *Introducción a la lingüística hispánica*. Ed. by J. I. Hualde, A. Olarrea, A. M. Escobar and C. E. Travis. Cambridge University Press, pp. 45–122.
- Hualde, J. I. (2014). “Introducción”. In: *Los sonidos del español*. Ed. by J. I. Hualde. Cambridge University Press, pp. 1–26.
- Hualde, J. I. (2014). “Consonantes y vocales”. In: *Los sonidos del español*. Ed. by J. I. Hualde. Cambridge University Press, pp. 27–43.
- Hualde, J. I. (2014). “Caracterización acústica de las principales clases de sonidos del español”. In: *Los sonidos del español*. Ed. by J. I. Hualde. Cambridge University Press, pp. 44–55.
- Campos-Astorkiza, R. (2012). “The Phonemes of Spanish”. In: *The Handbook of Hispanic Linguistics*. Ed. by J. I. Hualde, A. Olarrea and E. O’Rourke. Wiley Blackwell, pp. 89–110.

Week 2: Review, generative and usage-based approaches

Reading

- McCarthy, J. J. (2007). “What is Optimality Theory?” In: *Linguistics Department Faculty Publication Series*, pp. 1–22. http://scholarworks.umass.edu/linguist_faculty_pubs/93.
- Bybee, J. L. (1999). “Usage-based Phonology”. In: *Functionalism and Formalism in Linguistics: Volume I: General papers*. Ed. by M. Darnell, E. A. Moravcsik, M. Noonan, F. J. Newmeyer and K. Wheatley. John Benjamins Publishing Company, pp. 211–242.

Review

- Hualde, J. I. (2010). “Los sonidos de la lengua: fonética y fonología”. In: *Introducción a la lingüística hispánica*. Ed. by J. I. Hualde, A. Olarrea, A. M. Escobar and C. E. Travis. Cambridge University Press, pp. 45–122.
- Hualde, J. I. (2014). “Introducción”. In: *Los sonidos del español*. Ed. by J. I. Hualde. Cambridge University Press, pp. 1–26.
- Hualde, J. I. (2014). “Consonantes y vocales”. In: *Los sonidos del español*. Ed. by J. I. Hualde. Cambridge University Press, pp. 27–43.
- Hualde, J. I. (2014). “Caracterización acústica de las principales clases de sonidos del español”. In: *Los sonidos del español*. Ed. by J. I. Hualde. Cambridge University Press, pp. 44–55.
- Campos-Astorkiza, R. (2012). “The Phonemes of Spanish”. In: *The Handbook of Hispanic Linguistics*. Ed. by J. I. Hualde, A. Olarrea and E. O’Rourke. Wiley Blackwell, pp. 89–110.

Week 3: Speech perception

Reading

- Diehl, R. L, A. J. Lotto, and L. L. Holt (2004). “Speech perception”. In: *Annual review of psychology* 55, pp. 149–179.

Review

- Reetz, H. and A. Jongman (2011). “Speech Perception”. In: *Phonetics: Transcription, Production, Acoustics and Perception*. Ed. by H. Reetz and A. Jongman. Wiley-Blackwell, pp. 251–279.

Week 4: L2/Bilingual Speech

Reading

- Simonet, M. (2012). “The L2 acquisition of Spanish phonetics and phonology”. In: *The Handbook of Hispanic Linguistics*. Ed. by J. I. Hualde, A. Olarrea and E. O’Rourke. Wiley Blackwell, pp. 729–746.
- Colantoni, L, J. Steele, and P. Escudero (2015). “An introduction to second language speech research”. In: *Second Language Speech: Theory and practice*. Ed. by L. Colantoni, J. Steele and P. Escudero. Cambridge University Press, pp. 3–27.
- Colantoni, L, J. Steele, and P. Escudero (2015). “Theoretical concepts and frameworks”. In: *Second Language Speech: Theory and practice*. Ed. by L. Colantoni, J. Steele and P. Escudero. Cambridge University Press, pp. 28–72.

Recommended

- Best, C. T. (1995). “A Direct Realist View of Cross-Language Speech Perception”. In: *Speech Perception and Linguistic Experience: Issues in Cross Language Research*. Ed. by W. Strange. York Press, pp. 171–204.
- Best, C. T. and M. D. Tyler (2007). *Nonnative and second-language speech perception*. John Benjamins Publishing Company. Amsterdam. DOI: <https://doi.org/10.1075/llt.17.07bes>.
- Flege, J. E. (1995). “Second language speech learning: Theory, findings, and problems”. In: *Speech Perception and Linguistic Experience Issues in Cross-language research*. Ed. by W. Strange. Timonium, MD: York Press, pp. 229–273.
- Van Leussen, J. and P. Escudero (2015). “Learning to perceive and recognize a second language: The L2LP model revised”. In: *Frontiers in Psychology* 6, pp. 6-12. DOI: 10.3389/fpsyg.2015.01000.

Week 5: L2/Bilingual Speech

Reading

- Flege, J. E. and S. Liu (2001). “The Effect of Experience on Adults’ Acquisition of a Second Language”. In: *Studies in second language acquisition* 23.4, pp. 527–552.
- Piske, T, I. R. MacKay, and J. E. Flege (2001). “Factors affecting degree of foreign accent in an L2: A review”. In: *Journal of phonetics* 29.2, pp. 191–215.
- Simonet, M. and M. Amengual (2019). “Increased language co-activation leads to enhanced cross-linguistic phonetic convergence”. In: *International Journal of Bilingualism*, pp. 1–14.

Recommended

- Shea, C. E. and S. Curtin (2011). “Experience, representations and the production of second language allophones”. In: *Second Language Research* 27.2, pp. 229–250.
- Rao, R. and R. Ronquest (2015). “The heritage Spanish phonetic/phonological system: Looking back and moving forward”. In: *Studies in Hispanic and Lusophone Linguistics* 8.2, pp. 403–414.
- Rao, R. and E. Kuder (2016). “Research on heritage Spanish phonetics and phonology: Pedagogical and curricular implications”. In: *Journal of New Approaches in Educational Research* 5.2, pp. 64–65. ISSN: 2254-7339. DOI: 10.7821/naer.2016.7.200. <http://naerjournal.ua.es/article/view/v5n2-introduction> (visited on May. 22, 2019).

Part II: Prosody

Week 6: Sequences

Reading

- Simonet, M. (2020). “Phonological encoding and the phonology of Spanish: The role of the syllable”. In: *The Routledge Handbook of Spanish Phonology*. Ed. by S. Colina and F. Martínez-Gil. Routledge, pp. 274–287.
- Colina, S. (2019). “Incorporating Syllable Structure Into the teaching of Spanish pronunciation”. In: *Key Issues in the Teaching of Spanish Pronunciation*. Ed. by R. Rao. Routledge, pp. 145–162.
- de-la-Mota, C. (2019). “Improving non-native pronunciation: Teaching prosody to learners of Spanish as a second/foreign language”. In: *Key Issues in the Teaching of Spanish Pronunciation*. Ed. by R. Rao. Routledge, pp. 162–197.

Recommended

- Hualde, J. I. (2014). “Entonación”. In: *Los sonidos del español*. Ed. by J. I. Hualde. Cambridge University Press, pp. 260–282.
- Reetz, H. and A. Jongman (2011). “Syllables and Suprasegmentals”. In: *Phonetics: Transcription, Production, Acoustics and Perception*. Ed. by H. Reetz and A. Jongman. Wiley-Blackwell, pp. 208–225.
- Hualde, J. I. (1989). “Silabeo y estructura morféica en español”. In: *Hispania* 72.4, pp. 821–831.
- Hualde, J. I. (2014). “La sílaba”. In: *Los sonidos del español*. Ed. by J. I. Hualde. Cambridge University Press, pp. 56–92.
- Colina, S. (2006). “Optimality-theoretic advances in our understanding of Spanish syllable structure”. In: *Optimality-theoretic studies in Spanish phonology*. Ed. by F. Martínez-Gil and S. Colina. John Benjamins Publishing Company, pp. 172–204.

Week 7: Lexical stress

Reading

- Gordon, M. and T. Roettger (2017). “Acoustic correlates of word stress: A cross-linguistic survey”. In: *Linguistics Vanguard* 3.1. ISSN: 2199-174X.
- Ortega-Llebaria, M. and P. Prieto (2009). “Perception of word stress in Castilian Spanish: The effects of sentence intonation and vowel type”. In: *Phonetics and Phonology: Interactions and interrelations*. Ed. by M. Vigário, S. Frota and M. J. Freitas. Amsterdam Studies in the Theory and History of Linguistic Science IV: Current Issues in Linguistic Theory (CILT): 306. Amsterdam, Netherlands: John Benjamins, pp. 35–50.
- Kim, J. Y. (2019). “Discrepancy between heritage speakers’ use of suprasegmental cues in the perception and production of Spanish lexical stress”. In: *Bilingualism: Language and Cognition*, pp. 1–18.

Recommended

- Hualde, J. I. (2014). “El acento”. In: *Los sonidos del español*. Ed. by J. I. Hualde. Cambridge University Press, pp. 224–259.
- Face, T. L. (2006). “Cognitive factors in the perception of Spanish stress placement: Implications for a model of speech perception”. In: *Linguistics* 44.6.
- Prieto, P. and M. Ortega-Llebaria (2011). “Acoustic Correlates of Stress in Central Catalan and Castilian Spanish”. In: *Language and Speech* 54.1, pp. 73–97.

Part III: Vowels

Week 8: Vowels I

Reading

- Bradlow, A. R. (1995). "A comparative acoustic study of english and spanish vowels". In: *The Journal of the Acoustical Society of America* 97.3, pp. 1916–1924.
- Højen, A. and J. E. Flege (2006). "Early learners' discrimination of second-language vowels". In: *The Journal of the Acoustical Society of America* 119.5, pp. 3072–3084.
- Celdrán, E. M. and W. Elvira-Garcia (2019). "Description of Spanish Vowels and Guidelines for teaching them". In: *Key Issues in the Teaching of Spanish Pronunciation*. Ed. by R. Rao. Routledge, pp. 17–39.

Recommended

- Reetz, H. and A. Jongman (2011). "Acoustic Characteristics of Speech Sounds". In: *Phonetics: Transcription, Production, Acoustics and Perception*. Ed. by H. Reetz and A. Jongman. Wiley-Blackwell, pp. 182–207.
- Hualde, J. I. (2014). "Vocales". In: *Los sonidos del español*. Ed. by J. I. Hualde. Cambridge University Press, pp. 113–128.
- Hualde, J. I. (1997). "Spanish /i/ and related sounds: an exercise in phonemic analysis". In: *Studies in the Linguistic Sciences* 27.2, pp. 61–79.

Week 9: Voids II

Reading

- Jacewicz, E, R. A. Fox, and J. Salmons (2011). "Vowel change across three age groups of speakers in three regional varieties of American English". In: *Journal of Phonetics* 39.4, pp. 683–693.
- Pallier, C, L. Bosch, and N. Sebastián-Gallés (1997). "A limit on behavioral plasticity in speech perception". In: *Cognition* 64.3, pp. B9–B17.
- Shea, C. (2019). "Dominance, Proficiency, and Spanish Heritage Speakers' production of English and Spanish Vowels". In: *Studies in Second Language Acquisition* 41.1, pp. 123–149.

Recommended

- Bradlow, A. R. (1996). "A Perceptual Comparison of the /i/-/e/ and /u/-/o/ Contrasts in English and in Spanish: Universal and Language-Specific Aspects". In: *Phonetica* 53.1-2, pp. 55–85.
- Barrios, S, N. Jiang, and W. J. Idsardi (2016). "Similarity in L2 phonology: Evidence from L1 Spanish late-learners' perception and lexical representation of English vowel contrasts". In: *Second Language Research* 32.3, pp. 367–395.
- Oh, G. E, S. Guion-Anderson, K. Aoyama, et al. (2011). "A one-year longitudinal study of English and Japanese vowel production by Japanese adults and children in an English-speaking setting". In: *Journal of phonetics* 39.2, pp. 156–167.

Part IV: Obstruents

Week 10: Obstruents I

Reading

- Abramson, A. S. and D. H. Whalen (2017). "Voice Onset Time (VOT) at 50: Theoretical and practical issues in measuring voicing distinctions". In: *Journal of phonetics* 63, pp. 75–86.
- Abramson, A. S. and L. Lisker (1973). "Voice-Timing Perception in Spanish Word-Initial Stops". In: *Journal of Phonetics* 1.1, pp. 1–8.
- Flege, J. E. and W. Eefting (1988). "Imitation of a VOT continuum by native speakers of English and Spanish: Evidence for phonetic category formation". In: *The Journal of the Acoustical Society of America* 83.2, pp. 729–740.

Recommended

- Hualde, J. I. (2014). “Consonantes oclusivas”. In: *Los sonidos del español*. Ed. by J. I. Hualde. Cambridge University Press, pp. 129–145.
- Lisker, L. and A. S. Abramson (1964). “A Cross-language Study of Voicing in Initial Stops: Acoustical Measurements”. In: *Word* 20.3, pp. 384–422.
- Lisker, L. and A. S. Abramson (1967). “Some effects of context on Voice Onset Time in English stops”. In: *Language and Speech* 10, pp. 1–28.

Week 11: Obstruents II

Reading

- Amengual, M. (2012). “Interlingual influence in bilingual speech: Cognate status effect in a continuum of bilingualism”. In: *Bilingualism: Language and Cognition* 15.3, pp. 517–530.
- Carrasco, P, J. I. Hualde, and M. Simonet (2012). “Dialectal Differences in Spanish Voiced Obstruent Allophony: Costa Rican versus Iberian Spanish”. In: *Phonetica* 69.3, pp. 149–179.
- Fabiano-Smith, L, T. Oglivie, O. Maiefski, et al. (2015). “Acquisition of the stop-spirant alternation in bilingual Mexican Spanish–English speaking children: Theoretical and clinical implications”. In: *Clinical linguistics & phonetics* 29.1, pp. 1–26.

Recommended

- Antoniou, M, C. T. Best, M. D. Tyler, et al. (2011). “Inter-language interference in VOT production by L2-dominant bilinguals: Asymmetries in phonetic code-switching”. In: *Journal of Phonetics* 39.4, pp. 558–570.
- Nadeu, M. and J. I. Hualde (2012). “Lenition and Phonemic Overlap in Rome Italian”. In: *Phonetica*.
- Simonet, M, M. Nadeu, and J. I. Hualde (2011). “Consonant lenition and phonological recategorization”. In: *Laboratory Phonology*.
- Amengual, M. (2017). “Type of early bilingualism and its effect on the acoustic realization of allophonic variants: Early sequential and simultaneous bilinguals”. In: *International Journal of Bilingualism* 23.5, pp. 954–970.

Week 12: Obstruents III

Reading

- Torreira, F. (2012). “Investigating the nature of aspirated stops in Western Andalusian Spanish”. In: *Journal of the International Phonetic Association* 42.1, pp. 49–63.
- Ruch, H. and S. Peters (2016). “On the origin of post-aspirated stops: Production and perception of /s/+ voiceless stop sequences in Andalusian Spanish”. In: *Laboratory Phonology* 7.1, pp. 1–36.
- A. Raymond Elliott (2019). “A Theoretical Framework in the Acquisition and Teaching of Fricatives to L2 learners of Spanish”. In: *Key Issues in the Teaching of Spanish Pronunciation*. Ed. by R. Rao. Routledge, pp. 84–104.

Recommended

- Jongman, A, R. Wayland, and S. Wong (2000). “Acoustic characteristics of English fricatives”. In: *The Journal of the Acoustical Society of America* 108.3, p. 1252.
- Hualde, J. I. (2014). “Fricativas africadas”. In: *Los sonidos del español*. Ed. by J. I. Hualde. Cambridge University Press, pp. 146–170.
- Reetz, H. and A. Jongman (2011). “Acoustic Characteristics of Speech Sounds”. In: *Phonetics: Transcription, Production, Acoustics and Perception*. Ed. by H. Reetz and A. Jongman. Wiley-Blackwell, pp. 182–207.
- Jongman, A, Y. Wang, and B. H. Kim (2003). “Contributions of Semantic and Facial Information to Perception of Nonsibilant Fricatives”. In: *Journal of Speech, Language, and Hearing Research* 46.6, p. 1367.

Part V: Sonorants

Week 13: Nasals, laterals, rhotics

Reading

- Schmeiser, B. (2019). “Issues In the Teaching of Spanish Liquid Consonants”. In: *Key Issues in the Teaching of Spanish Pronunciation*. Ed. by R. Rao. Routledge, pp. 105–125.
- Amengual, M. (2016). “Acoustic correlates of the Spanish tap-trill contrast: Heritage and L2 Spanish speakers”. In: *Heritage Language Journal* 13.2, pp. 88–112.
- Amengual, M. (2018). “Asymmetrical interlingual influence in the production of Spanish and English laterals as a result of competing activation in bilingual language processing”. In: *Journal of Phonetics* 69, pp. 12–28.

Recommended

- Hualde, J. I. (2014). “Nasales”. In: *Los sonidos del español*. Ed. by J. I. Hualde. Cambridge University Press, pp. 171–176.
- Reetz, H. and A. Jongman (2011). “Acoustic Characteristics of Speech Sounds”. In: *Phonetics: Transcription, Production, Acoustics and Perception*. Ed. by H. Reetz and A. Jongman. Wiley-Blackwell, pp. 182–207.
- Recasens, D. (2012). “A cross-language acoustic study of initial and final allophones of /l/”. In: *Speech Communication* 54.3, pp. 368–383.
- Henriksen, N. C. and E. W. Willis (2010). “Acoustic characterization of phonemic trill production in Jerezano Andalusian Spanish”. In: *Selected proceedings of the 4th Conference on Laboratory Approaches to Spanish Phonology*. Cascadilla Somerville, MA. , pp. 115–127.
- Hualde, J. I. (2014). “Líquidas (laterales y vibrantes)”. In: *Los sonidos del español*. Ed. by J. I. Hualde. Cambridge University Press, pp. 177–190.
- Krakow, R. A. and M. K. Huffman (1993). “Instruments and Techniques for Investigating nasalization and Velopharyngeal Function in the Laboratory: An Introduction”. In: *Phonetics and Phonology: Nasals, Nasalization and the Velum*. Ed. by R. A. Krakow and M. K. Huffman. San Diego, California: Academic Press, pp. 3–59.
